Sixth Form College

A COMMUNITY WHERE WE FLOURISH AND THRIVE

We will embrace and celebrate what makes us unique and work together for the good of all in the light of Jesus Christ.

ALL SAINTS
Sixth Form College

WELCOME TO ALL SAINTS SIXTH FORM COLLEGE

It is my privilege to introduce myself as the Head of All Saints Sixth Form College. As a college, our purpose is to ensure that all of our students reach their full potential and leave us with a strong moral purpose. We offer a Post-16 curriculum which is inclusive, engaging and progressive. Above all, it is relevant and allows students the opportunity to secure the destination of their choice, whether this be university, an apprenticeship or employment. We have a large array of subjects on offer that cover all disciplines, enabling students to further explore their future career.

At All Saints Sixth Form, we have a dedicated team of experienced sixth form teachers who are subject experts and are passionate about engaging learners and supporting them to achieve the highest grades possible. We welcome students of all faiths and backgrounds and encourage students to play a full and dynamic role in the college's life and the local community.

I personally place a huge emphasis on the part that extra-curricular plays in college life.

Alongside academic studies, there are a number of exciting external opportunities for you to engage with, which will enhance and support your progress. We have high aspirations for all of our students and our dedicated team of teaching and support staff ensure that all students are supported academically and pastorally in order that they can achieve their full potential. We provide a high quality learning environment where we all flourish and thrive.

Each student is valued as an individual and together, with our high expectations, comes high levels of support. Each student is provided with a form tutor that will act as the first port of call. Alongside a tutor, we have a team of experienced pastoral staff, to ensure that students are healthy and all needs are met.

We look forward to welcoming you in September as you begin your Post 16 studies.

Grant Sibbald
Head of Sixth Form

WELCOME TO ALL SAINTS SIXTH FORM COLLEGE

As the Assistant Head of Sixth Form, I am responsible for the behaviour, welfare and personal development of all students at All Saints Sixth Form College. As a team, we pride ourselves on getting to know each of our students personally and supporting you in achieving your individual goals.

Student welfare is our number one priority, and with that we have excellent pastoral support and systems in place to ensure that you are supported whilst in our care by a team of designated people. We closely monitor attendance to ensure that you can achieve academically but also support you with any wider concerns or issues.

In order to ensure that all of our students progress to their next stages as well-rounded and developed individuals, we are proud to offer our Curriculum for Life programme, designed to prepare our students for the tests of life and not a life of tests. As staff, we spent time speaking with students to determine the topics that they felt they lacked knowledge of but would need for future success. Consequently, a superb curriculum has been designed for all students at All Saints, which includes sessions about financial wellbeing, relationships, healthy lifestyles, managing personal risk and life beyond Sixth Form.

We look forward to welcoming you to All Saints Sixth Form College in September, a community where we flourish and thrive.

Chelsea Kane
Assistant Head of Sixth Form

WELCOME TO OUR COMMUNITY OF ST NICHOLAS

It is an honour and privilege to introduce myself as Headteacher of this vibrant, charismatic, and ambitious Sixth Form College. All Saints is a unique joint Catholic and Church of England Sixth Form at the heart of our local community and we are proud to be part of the All Saints Multi-Academy Trust. We are blessed with state-of-the-art facilities which enable us to illuminate all aspects of education to the young people we serve.

Our staff are fully committed to our mission of ensuring that all students 'flourish and thrive' throughout and beyond college life. We work relentlessly for our students to provide an inclusive, engaging, progressive and relevant curriculum for all which will enable our young people to achieve their full potential. We promote the very best teaching and learning practices and have the highest aspirations for our students, celebrating their achievement and recognising their successes as often as we can. We strive to create a positive, stimulating environment where everyone is supported, empowered, and challenged.

Whenever possible, we provide opportunities for our students to enhance their learning experiences beyond the classroom walls with an extensive co-curricular offer, a diverse range of trips and experiences in addition to projects with external and community partners such as The Crown Prosecution Service, The Girls' Network, The Aspire OxBridge Programme and The University of Liverpool Scholars Programme to name but a few.

Whilst we support all our students in maximising their academic potential, we understand the importance of personal and character development. It is essential that our young people are equipped with the skills, competencies, and emotional resilience that they will need in college and beyond. In order to ensure that our students acquire these essential life skills, we are proud to offer our Curriculum for Life.

Community means everything to us. We know that we are better when we are together and, for this reason, we always try to consider the thoughts and feelings of others. Our College values of Respect, Ambition, Resilience and Compassion serve as a guide to us on how we should treat ourselves and others. As a distinctively Christian Academy, we believe that all students should have the opportunity to develop their talents in an environment that will nurture, support, and challenge them. Every young person is unique, and we fully believe that it is our job to unlock that talent so that students can embrace their individuality and have the confidence they need to fully showcase their gifts. All Saints College is a wonderful place to work, teach and learn and we are proud to serve our local community.

Jeniffer Sing
Headteacher

PART OF THE ALL SAINTS MULTI ACADEMY TRUST

The All Saints Multi Academy Trust is jointly sponsored by both the Diocese and Archdiocese of Liverpool and is inspired by the ecumenical vision of Bishops' Sheppard and Warlock that we are 'stronger and better together' placing partnership working at the heart of what we do.

Community is at the heart of our family of schools, and we are proud to work closely in partnership with the communities we serve.

Each of our schools are unique and have their own identity which are underpinned by the Christian values of the All Saints Multi Academy Trust. All Saints Sixth Form College is an integral part of that provision and provides a broad and aspirational curriculum which meets the needs of the Post 16 learners both within the Trust and from other schools. We work together to ensure that our College is a place where academic success is achieved, belief is inspired, and opportunities are created.

Most importantly our schools and the college are safe and happy places where students can learn and thrive.

OUR CURRICULUM OFFER

We offer a wide range of both traditional A-Levels and vocational qualifications. A maximum of three subjects are selected and your choice can be A-level only, Applied General only or a combination of both. All subjects carry UCAS points and are recognised qualifications by all universities and employers. It is a good idea to research the qualifications required for a particular profession or course prior to selecting the subject you want to study Post 16.

A-Level	Applied General
Art	Business Studies
Biology	Criminology
Business Studies	Digital Media
Chemistry	Games Design and Development
Computer Science	Health and Social Care
English Language and Literature	Sport
Geography	Travel and Tourism
History	
Mathematics	
Philosophy and Ethics	
Physics	
Psychology	
Spanish	

Entry requirements

To study A-Level subjects you will need 4 GCSE's at grade 5 and above.

To study Applied General qualifications you will need 4 GCSE's at grade 4 and above.

Applications can be made online www.allsaintssixthformcollege.org.uk/apply. Once your application is received, you will be invited for an interview. An offer will then be made which clearly explains the grades that will be required to study your chosen courses.

For students who need to improve their GCSE grades, a one year, level 2 programme is available which includes qualifications in Hospitality, Digital Media and Financial Management in addition to functional skills English Language and Mathematics.

STUDENT LEADERSHIP

"We applied for the position of Head Boy and Head Girl of the Sixth Form as we felt passionately about improving the already excellent student experience. As confident but approachable individuals we wanted to act as a voice for our peers and ensure that every student was heard. We also looked forward to the opportunity to work with the Year 11 student leadership team to offer our advice and support but also to work collaboratively towards shared goals. During our short time in post, we have already represented the Sixth Form at external events, carried out some research with students and started to run societies where students have the opportunity to meet other students with shared interests.

As a student at All Saints Form College you will experience high quality teaching across a wide range of subjects, extremely supportive staff both academically and pastorally and a welcoming and inclusive culture amongst students.

We are very proud to be a part of the community at All Saints Sixth Form College."

RAISING ASPIRATIONS

Academic progress is strengthened by our Accelerate Programme. There are a wide variety of opportunities for students to become involved with employers and HE providers.

We are proud to be a part of the following programmes:

The Girls Network – Each year a number of our female students in year 12 are mentored by a professional female linked to the area of business they are interested in. Through a professional mentoring programme, students are able to discuss career options and gather advice and information on their chosen career pathway.

“I have really enjoyed having a catch up with my mentor outside of college. It has been interesting to talk to a professional, who works in the career that I would like to pursue”.

The University of Liverpool Scholars Programme – students selected will work with an academic tutor from the university and with undergraduate students to complete a project which mirrors expectations of an undergraduate student. Successful completion of the course leads to a reduced UCAS offer of up to one grade and a guaranteed bursary.

“Being part of the Scholars Programme gave me a real insight into university life. The support I received with my personal statement was invaluable and it gave me a real sense of achievement when I received an offer from the university”.

The Aspire Programme – our potential Oxford and Cambridge applicants are invited to join this programme, where they are provided with advice and guidance throughout the whole Oxbridge application process, from choosing a course and college to writing a personal statement and preparing for the entrance test. Students will be mentored by Oxbridge undergraduates and also have the opportunity to spend a few days at the University of Oxford.

“Having the opportunity to take part in the Aspire Programme really supported me and made me realise that I can achieve and gain a place at a top university”.

Pathways to Law, Business and Finance and Engineering – these bespoke programmes are facilitated by the Sutton Trust and support students to prepare for entry into each profession.

In addition to the above programmes, we also have very strong links with local HE providers and all students will have the opportunity to visit at least one university as well as taking part in lectures, seminars and various subject specific events. We are well supported by universities who offer workshops on a wide range of subjects such as planning for HE, writing a personal statements and applying for student finance.
