Dear Parents/carers

This autumn all children aged 12 to 15 years were offered their first dose of the COVID-19 vaccination.

Vaccinating children should help to reduce the need for children to have time off school and to reduce the risk of spread of COVID-19 within schools. In the New Year your immunisation team will be sending out e-consent for dose 2 of COVID-19 vaccination.

If your child has not had their first dose and you would like to access a vaccination for you or your child please click on the links below to see further information about COVID vaccination and a link to book your vaccination.

Further information can be found following this link:

Booking for COVID vaccinations 1st or 2nd dose via this link or 119:

This will enable your child to access a pre-bookable appointment at a local vaccination clinic at a time to suit you.

Many Thanks
