

Appreciation Friday – 4th November 2022

Year 7

7H3/Spanish - 7H3 Spanish completed the most amount of homework on Seneca last half term. I gave out a lot of certificates for students who completed all of the tasks and achieved a score of 100%. They are also a really hardworking and polite students to teach and I always look forward to their lessons.

7H3/PE – 7H3 were amazing in trampolining this week, they were absolutely unbelievable!! Leading tasks, working together and coaching one another, just an absolute pleasure to teach!

Year 8

A. Mairs - Their improvement in attitude and behaviour has been nothing short of sensational. They have really taken to the programme and if there was any way that I could give him a shout-out in assembly or some sort of public praise (given that he is doing well in lesson as well) that would be fantastic! He genuinely has the capacity to be a great ambassador for FBB.

G. Eland - Always pleasant and polite, they are a joy to have in the year group.

B. O' Hare – They have worked exceptionally hard in our lesson on the future tense. They concentrated throughout and showed an excellent knowledge of the higher-level work we were doing. Well done!

Year 9

H. Millican - Outstanding piece of extended writing on sub aerial processes in Geography.

Year 10

E. Curry - An exceptional historian. They put 100% effort into every task, they produce work of the highest standard. Their P'S result was amazing and well deserved. Keep up the good work!

Year 11

R. Chodankar, E. Pierce and others selling poppy's - Selling poppy's with amazing Business acumen each morning.

K. McDonald – They are a credit to the form group; their attendance and punctuality is excellent and they always show RACER values in the way they conduct themselves around school.
