

Vision Party (Kindness Is Key)

My name is **Lucy Hayes-Walmsley** and I would like to apply for a position in the **general school election**. I am a **strong believer** in **making the world a better place**.

A way we can do this is by **preventing poverty worldwide**. It's so sad knowing that **10% of the world are living on only £1.90 a day or even less**. I feel we can make poverty **history by 2030** by supporting the poorest people. We can do this by **selling special badges** for people to wear around school and use all the money we collect to **donate to charities that specialise in homelessness**. By doing this we can help more and more people start **living in acceptable conditions**. Another way of helping less fortunate people is by holding a **collection of canned food** and take it all to a **food bank** so they can have **access to different foods**.

Moving onto another way to make our world better is to start **donating to clean water charities** because many countries, such as Africa and Jourdan, have a **lack of clean water** and I feel **everybody has the right to drink clean water** every day. We can collect the money to donate by doing a **fundraiser** and use all the money that we earn and **donate it to clean water charities**, such as water aid.

Another way is to make the world a **better place** is to make people more aware of the affects of **bullying**. Bullying is a very **serious** matter and **people don't realise** how many people are being/have been bullied. I think we should have a **competition** to see who can make the **best poem about bullying**. It should be about how people **are affected by bullying and how to stop it**. The winner(s) will have their **poem hung up around the school** to get the word out about how serious bullying is. I feel like this is a **great way** of preventing/stopping bullying around our school and making more **people aware about it**.

I hope you enjoyed reading my manifesto.

Thank you, Lucy Hayes-Walmsley (7RKE)+
